We are the ECHO Hospital & Community Healthcare Charity, raising funds for East Cheshire NHS Trust.

We support patients at our Hospitals and across our extensive community services.

We work to keep everyone in our community well and healthy, from expectant mums and babies right through to our oldest residents. Through your generous donations and support we fund the most up-to-date equipment, pioneering treatment and staff development to ensure that every patient who uses our services gets the best care possible.

Thank you for your support.

Your support makes a big difference

How you can help.

There are lots of fun ways that you can get involved and make a difference for patients and the local community.

You could get together with a group of friends or colleagues and organise a cake sale to raise money, you could have a dress down day at school or even a fancy dress day in your office! You may even want to spare a few hours to volunteer for our charity.

We rely upon the support and generosity of our local communities and have lots of fun ways that you can get involved; whether you are a local teacher, part of a community group, or work for a company – your support makes a big difference to the lives of our patients.

Find out more about how you can get involved at www.ECHOhospitalcharity.org or fill in the attached form to request more information and to keep up-to-date with us.

You can also use this leaflet to make a donation by post, or you can text a donation by texting 'ECHO14' followed by £5 or £10 to 70070.

Thank you.
